

ATC-32E Specifications

AIMobile's ATC-32E is equipped with a powerful Qualcomm Snapdragon 660 CPU and rugged industrial design. It ensures a stable wireless connection for indoor operations, making it ideal for retail, warehouse, logistics, factory, and field service verticals.

Key Features

- Qualcomm Snapdragon SDA660 + Android 10 support
- FHD (1920×1200) display with multi-touch support
- USB Type-C supports second display, data transfer, and tablet charging
- Qualcomm WiFi AC (2.4/5GHz) + standalone GPS
- 1x USB 2.0 extension port & 1x USB 2.0 docking port
- IP65 & MIL-STD-810G compliant

Specification Summary

Model:

ATC-32E

CPU:

Qualcomm Snapdragon SDA660

OS:

Android 10

Display:

FHD (1920×1200), Multi-touch

Connectivity:

WiFi AC (2.4/5GHz), GPS

Ports:

1x USB 2.0 extension port

1x USB 2.0 docking port

USB Type-C (2nd display, data transfer, charging)

Rugged Rating:

IP65, MIL-STD-810G
